

Glow Orizuru (EL sheet Paper Crane)

型番 : KP-CRANEBL01 (BLUE) / KP-CRANEBG02 (BLUE GREEN) / KP-CRANEYL03 (YELLOW)
KP-CRANEGL04 (GREEN) / KP-CRANEPN05 (PINK)

第1版171021

Origami is the art of paper folding, which is one of the Japanese traditional culture. Then "Orizuru" (paper crane), is a design that is considered to be the most classic of all Japanese origami. It is considered a symbol of peace and happiness in Japan.

The "glowing Orizuru" (EL sheet Paper crane) is a unique product that combines Japanese Origami. This item is made of inorganic thin-film electroluminescence. When the power is turned on, you can see the Orizuru will glow.

Before you power on Orizuru, please read the instruction manual carefully.

[How to use]

- First, you can open the battery holder on the base, and then in the correct direction to install the battery (please prepare AA batteries yourself).
 - Press the switch on pedestal of Orizuru and the Paper cranes will glow. Press the switch once, that is normal mode. Press again, switch to the light flicker mode. On the 3rd, switch to OFF.
 - To avoid the consumption of the batteries, turn off the power when you are not using the product temporarily.
- * If you turn on the switch, the brightness of the Orizuru has a darker brightness than before, or you cannot switch to the gradient glow mode. It is possible that the power supply in the battery is not enough. You can try replacing new batteries.
- * Do not mix alkaline batteries and manganese batteries.

■ Product Specifications

発光色 : KP-CRANEBL01 (BLUE)
KP-CRANEBG02 (BLUE GREEN)
KP-CRANEYL03 (YELLOW)
KP-CRANEGL04 (GREEN)
KP-CRANEPN05 (PINK)

Power supply: AA batteries
lighting time: (When using alkaline batteries)
About 5 hours (the normal mode)
About 10 hours (light flicker mode)

* When using manganese batteries, the lighting time becomes short.

Size: 92mm × 92mm × 97mm

Weight: about 110g (not including battery)

The specifications of product may be changed at any time due to improvement without notice.
